

Coming Fall 2022

FIT Dining is proud to announce we recently completed a full renovation of our campus Starbucks location. This improvement will allow for an elevated guest experience including:

- ◆ Improved speed of service with new equipment and a more efficient layout
- ◆ New cold brew menu options
- ◆ Expanded food and snack menu offerings

In addition, Starbucks will now accept the Connect mobile app found at all company stores throughout the nation. You will be able to use your Starbucks rewards at the FIT location as well as place an online order for pick up. Of course, Tiger Bucks will continue to be accepted.

We look forward to welcoming you to experience the new space this fall!
